

2021 SOUTH CAROLINA SUSTAINABLE FORESTRY TEACHERS' TOUR

**Help sponsor a teacher to attend the 2021
SC Sustainable Forestry Teachers' Tour.**

The SC Sustainable Forestry Teachers' Tour is a project of the SC Forestry Foundation that provides a professional development course to teachers throughout the state. Teachers enrolled will experience first-hand the forest industry in SC, with curriculum that focuses on the impact forests have on our economy, environment, and quality of our every day life. As a sponsor, you will help offset the out-of-pocket cost to teachers, which will increase teacher enrollment. If desired, the teacher will also be given information about your business, to connect them to the forest industry personally. We believe we can continue bringing this experience to a diversity of educators, with your help!

**Questions? Contact Emily Oakman, FASC Director of Landowner Outreach,
Forestry Education & Programs, eoakman@scforestry.org, 803/798-4170.**

Sponsor A Teacher *for the* 2021 Sustainable Forestry Teachers' Tour
